## Middle School Forensics Winners!

We had four middle school students compete in Forensics on Saturday, November 19. Who won? They ALL did! Dane Hodges placed first in poetry reading, third in dramatic interpretation, and fourth in impromptu. Samantha Liske-Clark placed third in impromptu and fourth in poetry reading. Erin Frink and River Kramer earned fourth in dramatic duo. Congratulations to all!

## Parent Initiative to Improve our Playground

Since the beginning of this school year, parents in the lower grades K4 – Grade 3 have planned an upgrade for the playground area and its facilities to benefit our students. Progress is being made. The fence that ran along the back of the swings and slide has been relocated to the front, carpark side of the school lawn, doubling the size of the playground area, providing shade, and opening up room for gymnastics, hula hooping and ball games for our youngest students in a safe, fenced-in environment.

The parent group has created an overall improvement plan, which includes the purchase a new playset with additional swings and a slide. So far, the parents have raised \$1,440 and still need an additional \$1,000 to purchase the playset and complete the playground upgrade, including a park bench.

They are seeking donations to complete their work on this project. Any donation would be welcome - \$50, \$75, \$100 or more if you are feeling generous! You may notice some parents on donation collection during the week at pick up time. These parents would appreciate your support in their efforts to make a better school for our kids.

## Favorite Character Day

Last Wednesday, Mr. Nick's class hosted "Dress up like your favorite book character." For more pictures, visit our website at <http://www.saipanprivateschool.com>

## Thanksgiving in K4/K5

The students in Miss Christie's class created a turkey that listed the things they were thankful for.
